Our Mission...

To supply the highest quality products that are suitable for all Australian conditions and environments

About Us...

NT Sports & Playground Surfacing is proudly Northern Territory, family owned and operated.

We are the largest supplier of synthetic surfaces in the NT. Our business stretches from Alice Springs to Tiwi Islands and Docker River to Groote Eylandt.

From small domestic, to large scale commercial projects, NT Sports & Playground Surfacing have total packages from complete site works, design and construction, to supply only.

We are able to design, package and implement the best possible solution, for any budget with the most outstanding results.

Major Projects include:

- Inpex Accommodation Village
- New Darwin Prison
- Marrara Netball Refurbishment
- "The Avenue" - La Creche
- Muirhead
- Durack
- Bellamack

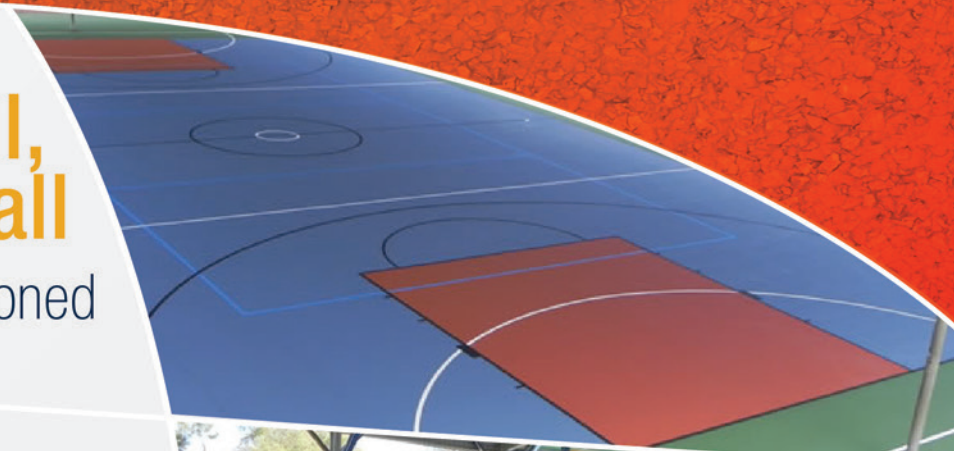

With a variety of products to meet client's needs and requirements, NT Sports & Playground Surfacing has the perfect solution.

Tennis, Netball, & Basketball

Hard court or cushioned

Playground Equipment

Designed for fun and function

Sports Fields

Durable outdoor surfaces

Softfall

For playground safety

Synthetic Turf

Year round green

Landscaping

Design & install

Sports Surfacing

NT Sports & Playground Surfacing provide the most superior quality sports surfaces in the world.

Our sports surfaces not only look fantastic, they also protect the longevity of the court, provide the required slip resistance plus help reduce player fatigue and injury.

Tennis, basketball, netball, volleyball, badminton, futsal or multi-sports, indoor or outdoor, cushioned or hard court – we do them all!

Playgrounds

NT Sports & Playground Surfacing supply and install only the highest quality playground equipment and Softfall available.

We make the process easy, by working with the client from budget and funding stage through to design, construction and implementation.

Our highly trained consultants will work with you to design the exact equipment and Softfall area for your requirements. They provide detailed 2D and 3D designs of the proposed playground so you can visualise the playground in the actual environment.

All our playgrounds and Softfall are certified and manufactured to meet all relevant Australian Standards.

Softfall

Our Softfall looks fantastic, is UV stable, will guarantee surfacing compliance, and is designed for the harsh Northern Territory conditions.

We use TPV softfall, which is the highest grade Softfall rubber available worldwide.

Synthetic Turf

A NEW GENERATION in Synthetic Turf...
No watering, fertilizing, mowing or pollution – saving you time and money!

NT Sports & Playground Surfacing supplies and installs only the finest synthetic turf for the harsh Northern Territory conditions.

We only use Australian made synthetic grass from APT, the largest manufacturer of synthetic grass in the Southern Hemisphere.

Major Projects include:

- Bowling greens
- Golf courses
- Landscaping
- Residential
- Commercial
- Verges
- Schools
- Clubs

Shade Sails

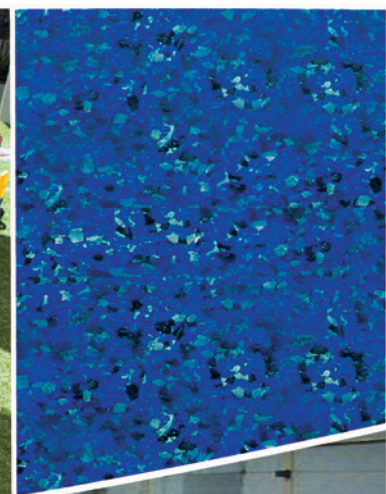

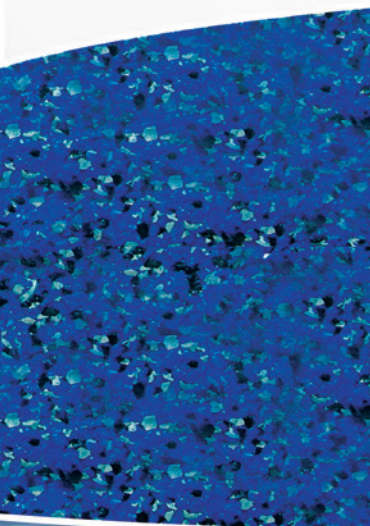

From domes to sails, we supply and install only the finest materials, with best service.

All our shades are certified for the Northern Territory and all come with warranties. From domestic to commercial, we have the solution for you...
